Palermo, Sicily, Villa Magnisi, Ordine dei Medici Chirurghi e Odontoiatri

Violence against children with disabilities.

A glance into the shadow.

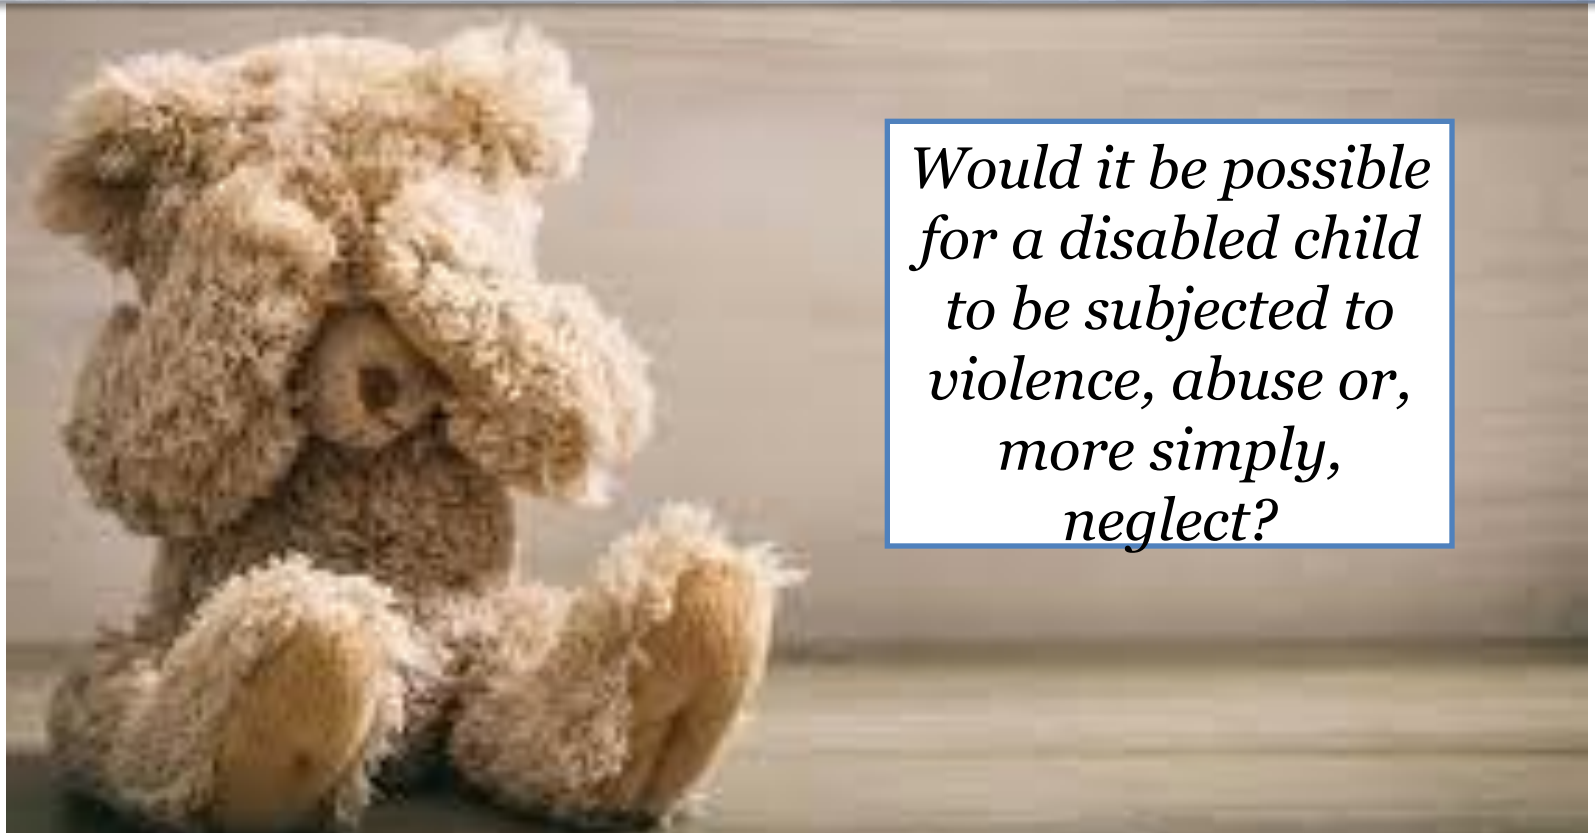

Transition times.

Supporting the child and adolescent's transitions in Pediatric condition

2nd S.I.P.Ped. International Conference

November 7 - 9, 2019

Palermo, Sicily, Villa Magnisi, Ordine dei Medici Chirurghi e Odontoiatri

Would it be possible for a disabled child to be subjected to violence, abuse or, more simply, neglect?

Violence in disabled children is underestimated even if, according to recent scientific data, far from being negligible.

Transition times.

Supporting the child and adolescent's transitions in Pediatric condition

2nd S.I.P.Ped. International Conference

November 7 - 9, 2019

Palermo, Sicily, Villa Magnisi, Ordine dei Medici Chirurghi e Odontoiatri

Disability is a condition that predisposes the child at risk of abuse or physical and psychological violence.
